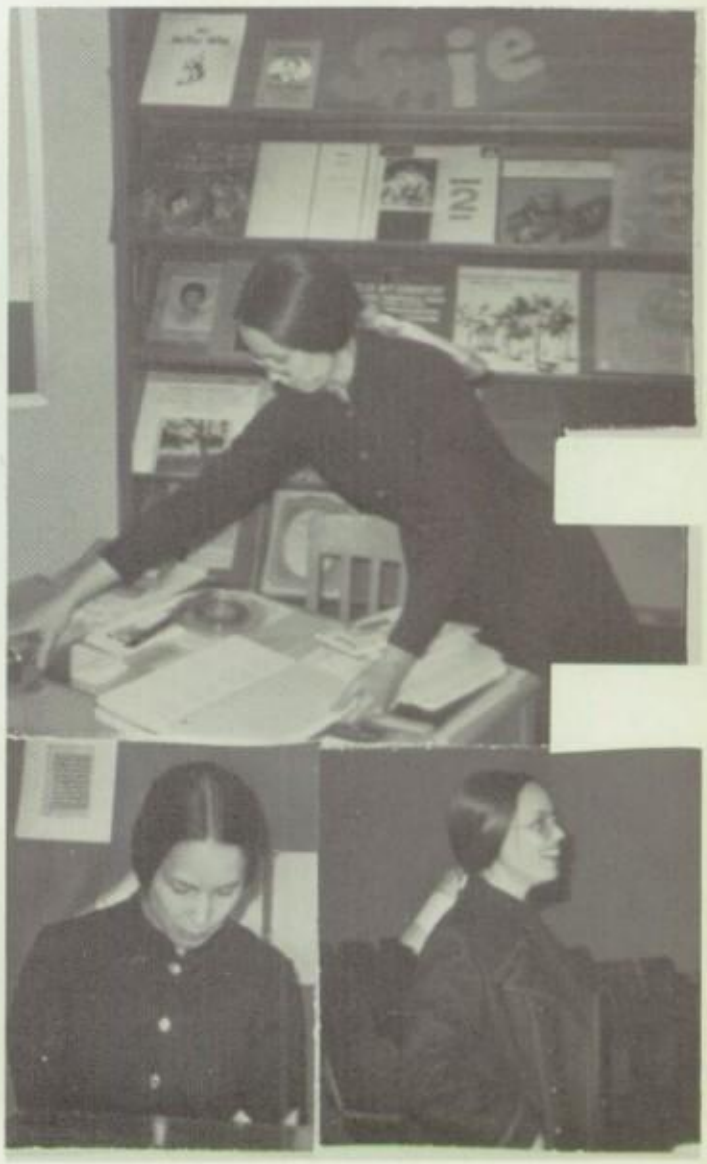
Enthusiasm, efficiency, and pride; these are your trademarks. Unselfishly, you give of yourself. Often is the time you've lingered after school, working diligently and whole-heartedly, in an effort to bring forth quality. The confidence you have in your students shines through: in the work they do, the programs they present, the honors they receive. You strive for perfection, you achieve it. Because of your devoted efforts and concerns, your total giving, and the basic pride and pleasure you have in your students - we dedicate, with love and warm remembrances, this annual to you, Mrs. Pierce.



A sincere appreciation is expressed to people who gave so willingly of their time and money to help publish the 1973 Polaris. We are indebted to the administration for their patience and assistance when it was most needed. We also wish to thank the Durham community, for without their support, we would have no annual. Pictures this year were furnished by Mr. Stallings of Strawbridge Studios, and students Mike Wilchak, Bob Swanson, Stefan Nelius, Carolyn Zaleon, Donna Gunter, Mike Eddy, and Joel Jones.

But even beyond this, we wish to give special note of appreciation to our staff, who did a tremendous amount of work all year long. The task of putting together an annual is not easy - there are long hours of last minute deadlines to meet, layouts to be altered, captions to write, typing to be done, not to mention the work that was done before the school year even began. We think our staff deserves special recognition for the outstanding job they've done; this, the 1973 POLARIS, is the result of their labor.

Not only do our staff members deserve recognition, but so do our advisors, Mrs. Faye Boyd and Mrs. Dianne Hall. These women put in from 3 to 15 extra hours a week, each week of the school year, plus time during the summer months. Theirs is not a simple task either and we wish to thank them for their patience and guidance, which they gave readily.

From the sweltering heat while we all sold ads to the anxiety of not knowing whether we would receive our annuals by the end of the school year, long hours, mixed emotions and the excitement of the finished product; this is what the Polaris means to all who worked on it. Again we wish to thank all of you who have made this annual one that Northern will be proud of this year and in years to come.

Sincerely,

Carolyn Zaleon Diane Crabtree

FAITH

As a lad I believed:
I believed there was good in all things.
God: was one of my beliefs,
Yeah, he was a belief of mine, but now?

He was a living being to me once.
Yes, he asked me to preach and I answered: no Lord.
The Lord said, "Seek and ye shall find."
I sought: and still I haven't found out: about God.

Lord (I prayed), help me to understand you.
He tried: and yet I denied his message;
I lost myself: in a world of sex, dope, and whiskey.
Never to be found or, so I thought.
Yeah. I once believed in a God: but now?

"Who is God?" I asked: but now I see,
God is real to me: and I hope he is to you, too.
"Seek and ye shall find" was spoken;
I have searched and I have found: a new life.
A new life; rich and full of happiness
With God, my father.

Faculty

Mr. David Poe

Northern High School Principal

To Northern High Students:

I appreciate the cooperation that the faculty and the students have shown this year. It hasn't been easy to adjust to the crowded conditions and the necessity to cancel many desired activities, but the decisions have been easier knowing that you were concerned and wanted to avoid double sessions.

To those that graduate this year I extend to you my congratulations. I trust that you will find the vocation that will enable you and your loved ones to enjoy the best.

You have made Northern a better school by your participation in her programs. I trust that you will actively support the community in her growth and development.

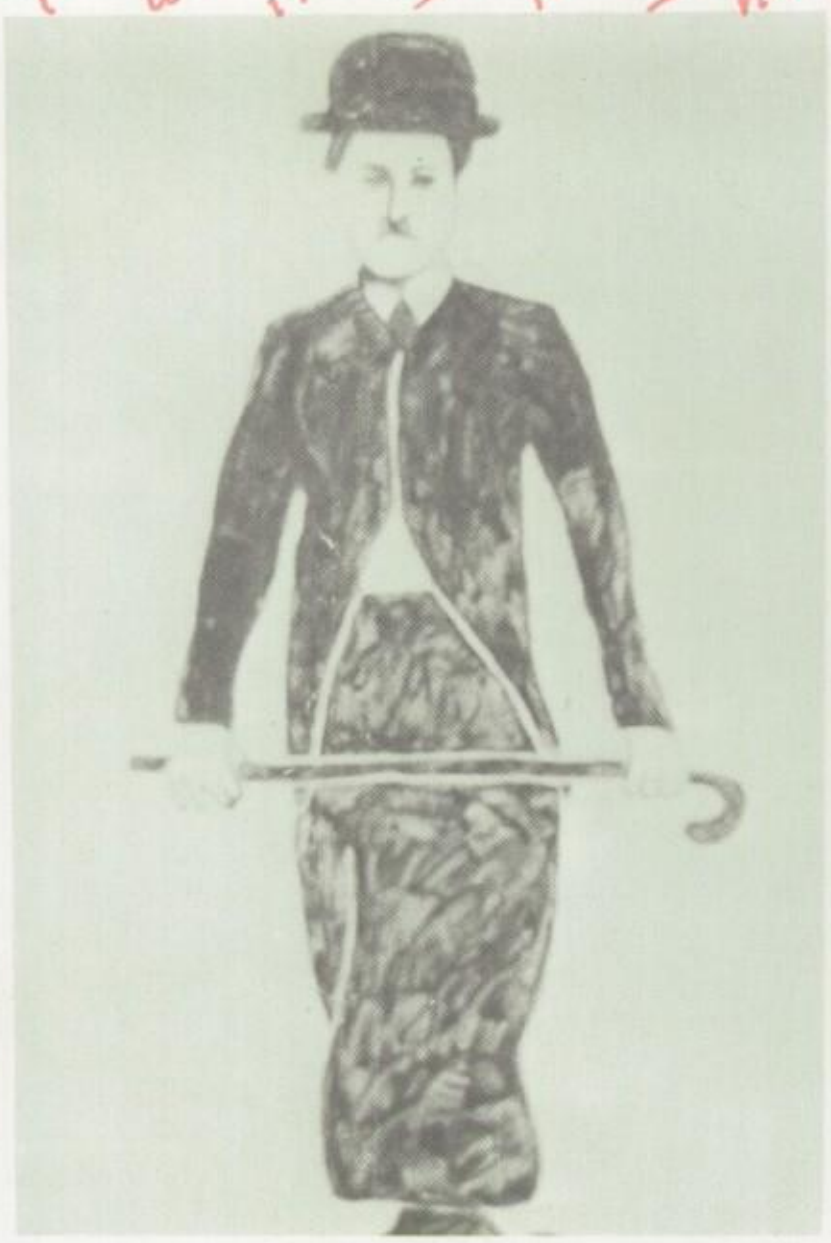
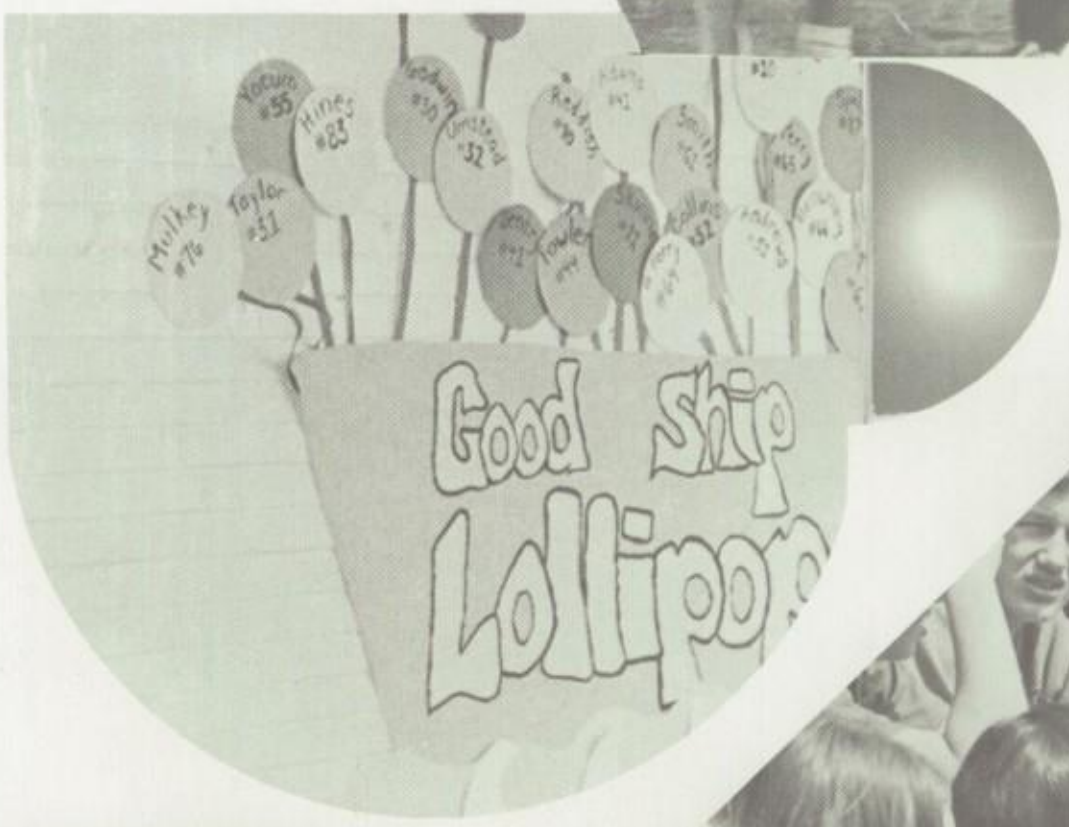
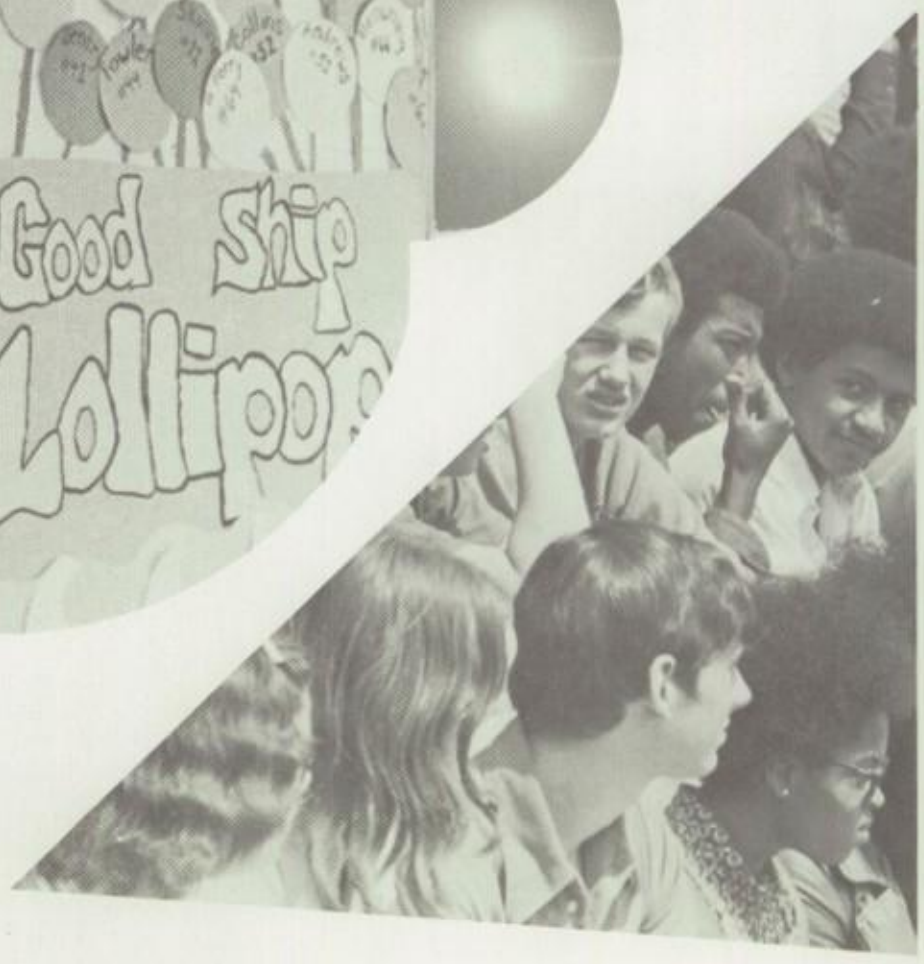
I had to sign those pages because they are my own creation! Didn't know I had acres-tive bone in my body did you? Just in case you are unable to figure out what it says, it only says: I luv (exclamation mark) NHS (exclamation mark)! It's true, I do luv NHS, not because I love school, but because this year I've met and gotten to know a lot of people, people that are interesting and good. I can say that you are included in these ty categories. Maybe we'll see ea other ag who







Hows, maybe we'll get together sometime this Summer. You're a quiet person like I am (or rather like I was) but open up a little and you'll be better able to enjoy life. I wish you the best always — remember, open up, but just a little. We wouldn't want you to change too much Luv Eleanor McFarland

As Captains and Coaches Head the Way

It has been said that a ball can take strange bounces and so has it been for this year's football team. The team was very unpredictable this year, at times overpowering their opponents and on other nights being overwhelmed themselves. Under the direction of head coach, Herb Goins, the team began practice in late summer and continued the hard work until November. Included this year was a victory over rival Chapel Hill and a 49-6 massacre over Orange for a jubilant homecoming.

This year's team compiled an amazing record this year under the direction of Coach Danny Thomas. Composed entirely of juniors and sophomores, the team spent much time after school working on plays to outwit the opponents, and the time was not in vain. Victories over Southern, Jordan, Chapel Hill, and Orange were only part of this season's record. Next year the varsity should really benefit from these rising players.

Northern's Cross Country team experienced its best season ever and finished the 1972 season as co-champions of the district, sharing the honor with Cary. Long afternoons of running payed off during the regular season as their only defeat was Cary. However, they tied with Cary in the District IIIA Conference Meet to win the season.

What an exciting game.

The Girls' Athletic Association is an opportunity for girls to become involved with the athletic program at Northern. During the year, the G.A.A. participates in volleyball, basketball, tumbling, and ping-pong. Highlights of the year include the student-faculty game and the annual trip to Greensboro to compete with other schools. The events help develop athletic achievement and also encourage good sportsmanship on the part of the individual.

I have very much enjoyed being with you these past 3 or 4 years. You seem to be very intelligent and congenial, so don't let anybody mess up your head when you get "out in life." There's really no reason you can't do anything you want to do, unless you don't want to do it.

Melanie,

I want you to I appreciate your friendship, and I want to thank you for letting me sit with you in Biology (Advanced) this year. I have enjoyed it even though my labs never seem to work.

I will miss you this fall, you have a peaceful calming effect on my temper and my temper will miss that. Thanks for taking my "dry wit" and covering up for my lab flops.

The Lord bless you guide you through life. Wanda
